

Resident

Date: 14 July 2021

Dear Sir/Madam

### **Galloway Road – Experimental Parking Restrictions**

I am writing regarding the consultation carried out to introduce parking restrictions on Galloway Road in Heworth.

Following the review of the comments received, site visits, and discussions with local councillors, it has been agreed to introduce experimental parking restrictions as shown on the attached plan.

These restrictions are scheduled to be introduced on the week commencing 5<sup>th</sup> July 2021 for a period of 6 months and the council would like to invite residents to make comment on the experimental parking restrictions during the first 5 month period. All comments should be submitted before Sunday 5<sup>th</sup> December 2021 to allow time for council officers and Councillors to review all comments received and decide on the future of the parking restrictions before the 6 months experimental period ends. Following whatever decision is made, a letter will be sent to residents informing of any actions which have been agreed.

I would urge you to comment throughout the given time period, as all comments received will be considered before the final decision is made.

Plans showing the proposed highway improvements are available at:

- Online – ‘Traffic Schemes: have your say’ via the ‘Consultations’ section of the Council website, [www.gateshead.gov.uk](http://www.gateshead.gov.uk) – a link for this is on the front page of the website, under Council and Democracy.

Comments on the experimental restriction can be made by:

- Email to [transportconsultations@gateshead.gov.uk](mailto:transportconsultations@gateshead.gov.uk)
- Returning the attached form to, Dan Fraser Network Management, Highways and Waste, Housing environment and healthy communities, Gateshead council, NE8 1HH.

While we appreciate all comments received, we are not able to acknowledge individual responses, however they will be considered and used when making a decision on the future of the restrictions.

If you require any further information, please contact my colleague Dan Fraser at the following email address [danielfraser@gateshead.gov.uk](mailto:danielfraser@gateshead.gov.uk) or 0191 433 3160.

Yours faithfully
