

The Occupier

My Ref: WI-0 189

Date: 24 November 2022

Dear Sir / Madam

Proposed Changes to 20 mph Zone: Strathmore Road

I write with reference to Strathmore Road, Council Officers have been working to create proposals which improve road safety in the area by extending the current 20mph scheme with additional traffic calming measures.

I am therefore writing to ask for your comments on the proposals, as shown in the attached plan. As a consultation exercise, we would welcome your feedback on the proposals by 19th December 2022. I would urge you to comment on the proposals at this time, as any comments received will be considered before the final decision is made.

Plans showing the proposed highway improvements are available at:

- Reception, Gateshead Civic Centre, or
- Online – ‘Traffic Schemes: have your say’ via the ‘Consultations’ section of the Council website, www.gateshead.gov.uk – a link for this is on the front page of the website, under Council and Democracy.

Comments on the proposal can be made by:

- Email to transportconsultations@gateshead.gov.uk
- Returning the attached form to Dan Fraser, Network Management, Highways and Waste, Civic Centre, Regent Street, Gateshead, NE8 1HH.

While we appreciate all comments received, we are not able to acknowledge individual responses, however they will be considered and used to inform the completed design prior to implementation of the project.

If you require any further information, please contact my colleague Dan Fraser danielfraser@gateshead.gov.uk or 0191 433 3160.

Yours faithfully

Neil Frier
