

**THE BOROUGH COUNCIL OF GATESHEAD (NEWBOLT COURT, BRIDGES,  
GATESHEAD) TRAFFIC REGULATION ORDER 2017**

**Statement of Reasons**

The no waiting at any time restriction is being proposed in response to complaints, which have been made by residents that cars are parking in such a way as to be double parked, causing an obstruction and impeding traffic.

The proposed restrictions are considered to be necessary:

- a) Due to cars parking and reducing road width, making it dangerous and difficult for vehicles to drive along and access and exit Newbolt Court; and
- b) To stop cars from blocking bin wagon access, making it very difficult for bin collections to take place and also stopping larger vehicles being able to access Newbolt Court to make deliveries to the properties on that road or for the emergency service vehicles being able to access that road.
