

The Borough Council of Gateshead (Whitmore Road, Blaydon, Gateshead) (Waiting Restrictions) Traffic Regulation Order 2016

Statement of Reasons

The proposed no waiting at any time restriction is in response to complaints that have been received from businesses that cars are double parking, causing an obstruction and impeding traffic movement along Whitmore Road.

The proposed introduction of the no waiting at any time restriction is considered necessary to:

- (a) Prevent the build-up of parked cars on both sides of the junction of Whitmore Road, which is reducing visibility and making it difficult for vehicles to enter and exit Whitmore Road.
- (b) Stop vehicles parking, which results in the reduction in the width of the road, making it dangerous and difficult for vehicles to drive and manoeuvre through the street.
